

## **CFA Scholarship Letter**

Dear Sir/Madam,

Greetings for the day.

I am -----, a Graduate in Commerce from ----- University residing at ----- . Currently, I am working as an intern under a financial advisory firm dealing with greenfield project finance, working capital finance, loan restructuring schemes and work of similar nature.

The reason why I am applying for this scholarship is the inadequate flow of income in the initial stage of my career. I live and work away from home taking care of my basic needs by myself. Besides, I contribute marginally to provide financial support to my family. You may appreciate the fact that I have self-financed my education since high school till post-graduation without troubling my family and so is what I intend to do now. This scholarship shall significantly assist me in meeting the fund requirement for pursuing the CFA program which, otherwise, would be highly taxing on me to arrange the full course fee all by myself.

I have always been a sincere student throughout my school and college years. I have secured ----- Rank in ----- exams with the highest marks in ----- . Also, I have won a few accolades for chess and badminton.

I am a part of an initiative in my local community named '-----' providing education to children. Notably, we have helped the son of a widow to complete his high school by financing his school fee and imparting free education.

I feel the CFA curriculum will imbibe me with the right skill set required to advance in my financial career. I shall devote the required study hours as recommended by the CFA Institute. The coveted certification shall provide me with a broad range of financial knowledge and high ethical standards which holds great value in the eyes of employers. Going through the rigorous CFA curriculum, I shall not only learn finance but also hard work and perseverance.

I believe I am an excellent candidate for the CFA scholarship and based on my educational background and knowledge, I am positive that I will do justice to the scholarship if awarded to me.

I also clarify that the annual income mentioned in my application is my total family income.

Thank you for taking the time to review my application. I am looking forward to hearing a positive response in this regard.

Regards,
