# Annexure A

## Comprehensive Overview of Roles and Responsibilities at Deloitte as an Audit Senior

### IT Audit

---

#### Brac

- Spearheaded IT audits, validating tech practices, and data management against regulatory and internal guidelines.
- Implemented Python for automating data analysis, enhancing audit efficiency and data reliability.

### Statutory Audit

---

#### United Finance Ltd

- Conducted meticulous financial and operational audits, aligning operations with banking regulations.
- Utilized Python for predictive financial analysis, validating reports, and early risk identification.

#### Epic Garments Company Limited

- Ensured the integrity of financial statements and manufacturing cost reports through comprehensive audits.
- Employed Excel for in-depth cost analysis, assisting in the optimal allocation of manufacturing budgets.

#### MetLife Insurance Bangladesh

- Conducted a detailed audit of insurance financial statements, ensuring compliance with relevant regulatory standards.
- Examined risk management and policy procedures, validating the efficacy of underwriting and claims management.
- Utilized Excel to scrutinize premium revenue streams and operational expenses, verifying financial stability and regulatory compliance.

### Compliance Audit

---

#### World Fish (USAID Project)

- Led audits, ensuring procedural and financial compliance with project and grant requirements.
- Applied Python for detailed financial data analysis, offering transparent financial reporting to stakeholders.

#### Dhaka WASA (USAID Project)

- Managed fund utilization audits, ensuring adherence to donor guidelines and facilitating transparent reporting.
- Utilized Excel to develop financial tracking models, verifying accurate fund allocation, and reporting.
